NEW FACES

Batawa residents welcomed two new friendly faces to work in Batawa this summer. With support of Service Canada's Job program the Batawa Development Corporation hired two stewardship interns who worked alongside Caretaker of Properties, Jeff Leavitt. Brittany Morey and Samuel Adams are both students at Fleming College. Brittany is studying Natural Resources-Law Enforcement hoping to become a conservation officer. Sam is studying to be a Forestry Technician. We wish them well in their studies as they head back to school, and extend our thanks to them both for all their hard work in Batawa.

Did You Know.....

In the 1970's Batawa held an annual "Town Beautification Contest" where homes were judged on best efforts in home improvement from painting to gardening.

DINO PARK EXPLORATION TRAIL

Our Dino Dig park continues to expand with the addition of the Exploration Trail. As you wind your way through the woods from the Ski Chalet to the Dino Dig you will find a number of geological treasures. Local quarries from Kingston to Kawartha Lakes donated large boulders that are unique specimens of local rocks and minerals. Now the Ski Hill is set to welcome local schools and groups to explore the park and learn all about rocks, minerals, fossils and dinos! A special thanks to the BDC Caretaker Jeff Leavitt for coordinating this project.

BATAWA SUMMER DAY CAMP

Batawa Ski Hill is wrapping up a very successful 8 week Summer Day Camp program. Children enjoyed outdoor adventures all around Batawa. More than 100 kids excavated the T-Rex at the Dino Park, kayaked on the Trent River, ate smores around the campfire, biked through the Batawa trails to the Bleasdell Boulder, and swam at the YMCA. It was a summer they will always remember!
